

Parish Dental Practice Policy: Facial Aesthetics Treatments

Policy Statement:

Parish Dental Practice is committed to providing safe, effective, and ethical facial aesthetic treatments. This policy outlines the standards and procedures for delivering facial aesthetic services, ensuring compliance with relevant healthcare regulations and professional guidelines.

Objective:

To ensure the highest standard of care in the provision of facial aesthetic treatments, prioritizing patient safety, informed consent, and treatment efficacy.

Scope:

This policy applies to all facial aesthetic treatments offered by Parish Dental Practice, including but not limited to Botox, dermal fillers, and other non-surgical procedures.

Procedures:

1. Practitioner Training and Qualifications:

- Ensure all practitioners performing facial aesthetic treatments are appropriately qualified, trained, and insured.
- Maintain up-to-date records of practitioner credentials and ongoing professional development.

2. Patient Consultation and Assessment:

- Conduct thorough patient consultations, including medical history, to assess suitability for treatment.
- Discuss treatment options, expected outcomes, potential risks, and aftercare.

3. Informed Consent:

- Obtain written informed consent from patients prior to any treatment.
- Ensure patients have adequate opportunity to ask questions and consider their options.

4. Treatment Protocols:

- Follow standardized treatment protocols for each procedure, including hygiene practices, product selection, and technique.
- Use only high-quality, approved products sourced from reputable suppliers.

5. Patient Records:

- Keep detailed records of all treatments, including products used, dosages, and any adverse reactions.
- Ensure patient records are stored securely and confidentially.

6. **Adverse Event Management:**

- Have procedures in place for managing and reporting any adverse events or complications.
- Provide clear aftercare instructions and support to patients post-treatment.

7. **Ethical Marketing and Promotion:**

- Ensure all marketing materials for facial aesthetic treatments are accurate, ethical, and in compliance with advertising standards.
- Avoid unrealistic or misleading claims about treatment outcomes.

8. **Regulatory Compliance and Insurance:**

- Comply with all relevant healthcare regulations, including those specific to non-surgical cosmetic procedures.
- Maintain appropriate insurance coverage for all treatments offered.

9. **Review and Quality Improvement:**

- Regularly review treatment protocols and patient feedback to continually improve service quality.
- Stay updated with the latest developments and best practices in facial aesthetics.

Responsibility:

The practice manager is responsible for the oversight of facial aesthetic services, ensuring adherence to this policy. All practitioners involved in providing these treatments are responsible for maintaining high standards of care and compliance with this policy.
